

Connected Load Information

1. General Information										
Applicant					Street Address					
City			State		Zip Code		Tax No.			
Phone No.			Mobile			Work Phone				
Type of Structure (Check appropriate box)										
<input type="radio"/> House		<input type="radio"/> Modular Home		<input type="radio"/> Doublewide Home		<input type="radio"/> Singlewide Mobile Home		<input type="radio"/> Garage	<input type="radio"/> Shop	
<input type="radio"/> Well		<input type="radio"/> Seasonal Cabin or Camp		<input type="radio"/> RV	<input type="radio"/> Other					
2. Service Type										
<input type="radio"/> Residential		<input type="radio"/> Commercial		If Commercial, what Type?			<input type="radio"/> Single Phase		<input type="radio"/> Three Phase	
Three-phase Voltage:			<input type="radio"/> 120/240	<input type="radio"/> 277/480		<input type="radio"/> Other, must be approved by BARC.				
3. Residential Service Information										
Service Size		<input type="radio"/> 100 AMP	<input type="radio"/> 200 AMP	<input type="radio"/> 300 AMP	<input type="radio"/> 400 AMP	<input type="radio"/> Other				
Total Living Space Square Footage:				Total Climate Controlled Square Footage:						
Heat Type (Check all the apply)										
<input type="radio"/> Heat Pump		<input type="radio"/> Heat Pump w/ Electric Strip heat			<input type="radio"/> Heat Pump w/Non-electric Back-up					
<input type="radio"/> Electric Baseboard		<input type="radio"/> Electric Furnace		<input type="radio"/> Oil Furnace	<input type="radio"/> Gas Furnace		<input type="radio"/> Outdoor Wood Furnace			
<input type="radio"/> Wood Stove		Other (Please specify)								
What percentage of heat provided by electric heat?						%		By wood?		%
Cooling (Check all that apply)										
<input type="radio"/> None		<input type="radio"/> Heat Pump		<input type="radio"/> Central Air System		<input type="radio"/> Window Units		How Many?		
4. Appliances and Other Electric Loads (Check all that apply)										
Equipment	Yes	No	Equipment	Yes	No	Equipment	Yes	No		
Electric Range	<input type="radio"/>	<input type="radio"/>	Dishwasher	<input type="radio"/>	<input type="radio"/>	Clothes Dryer	<input type="radio"/>	<input type="radio"/>		
Pool Heater	<input type="radio"/>	<input type="radio"/>	Pool Pump	<input type="radio"/>	<input type="radio"/>	Well Pump	<input type="radio"/>	<input type="radio"/>		
Jacuzzi or Hot Tub	<input type="radio"/>	<input type="radio"/>	Septic Pump	<input type="radio"/>	<input type="radio"/>	On-demand Water Heater	<input type="radio"/>	<input type="radio"/>		
Electric Water Heater	<input type="radio"/>	<input type="radio"/>	How many?			Washing Machine	<input type="radio"/>	<input type="radio"/>		
Refrigerator	<input type="radio"/>	<input type="radio"/>	Freezer	<input type="radio"/>	<input type="radio"/>	How many?				
5. Three-phase Services										
For three-phase services please attach a separate sheet detailing the HP rating of all 3-phase motors, all 240 volt single phase motor loads, and any other pertinent load information. Additional load information may be required upon request of the BARC Engineering Department.										
The information provided in this document by the customer or contractor is critical to the Cooperative in sizing the appropriate distribution facilities for reliable, quality service to the Member. This information is used to determine the installation costs, as well as the Member's aid-to-construction costs, if any.										
By signing below, I do hereby certify that the information contained in this document is, to the best of my knowledge, true and accurate.
